East Ridge Police Remind Residents Of Fireworks Policy

EAST RIDGE, TN – Citizens and visitors to East Ridge should be aware that while fireworks are sold in the City, it is illegal to shoot fireworks within the city limits.

During the July 4th holiday, East Ridge officers responding to calls of fireworks will first warn the offender. If the fireworks continue, the officer will then issue a citation and confiscate the remaining fireworks.

The department anticipates fireworks will start during the weekend prior to the 4th.
